Unit: FSC, 1st EN BN

Hometown: DES MOINES, IA

Date of Event: 23 Dec 2009

SGT Jeffery serves as the Company Re-enlistment NCO for the Forward Support Company. He went above and beyond his duties as a 92F (Petroleum Distribution Specialist) by establishing the Company's reenlistment program, incorporating unit level incentives for the Soldiers. Within a week of being appointed as the re-enlistment NCO, SGT Jeffery re-enlisted three Soldiers on COB Speicher. SGT Jeffery also serves the Forward Support Company as the rear gun-truck commander for the FSC's Combat Logistics Patrols. SGT Jeffery has participated in all 10 patrols that Distribution Platoon has been on since TOA. Regardless of the amount of time he has to prepare, he always ensures his vehicle crew has all required equipment and PPE and their equipment is ready for the mission. His experience, expertise, and positive attitude towards any situation is what makes him today's Task Force Marne Hero of the North.
